

TROUBLE-X

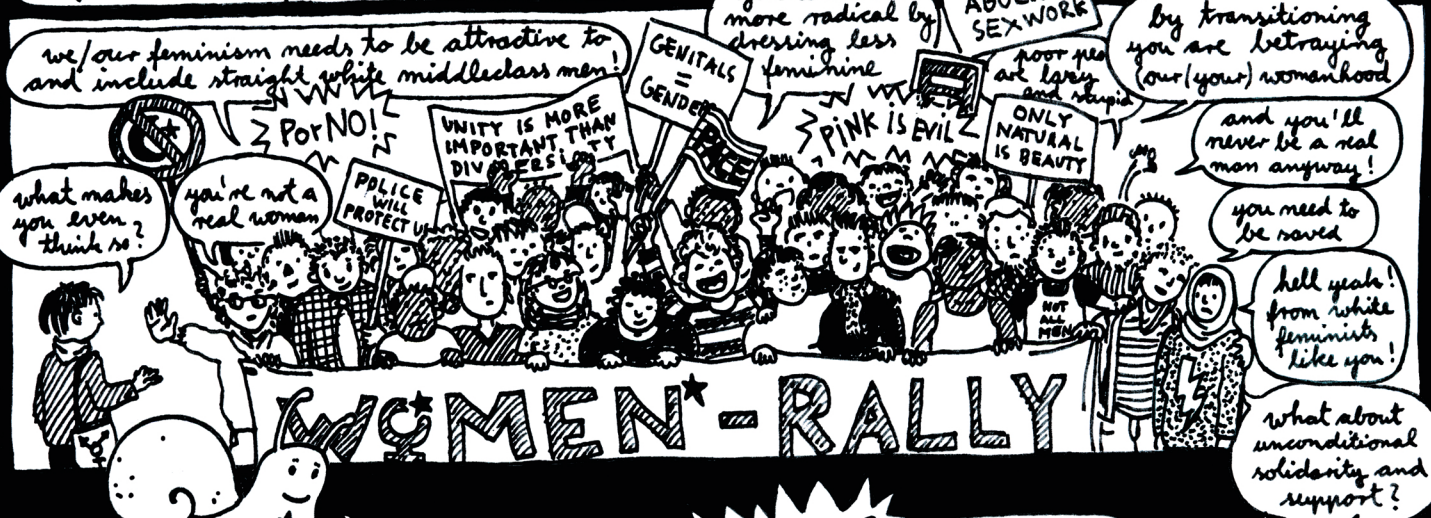

labels

i think words/labels and how you name/address things/people is (an) important (part) to do politix.

but that should not be the only thing.

i think labels should not (only) stand for something you want and/or something/-one you want to address but (also) for something you actually do ((want to) provide).

...yeah, a lot of us* have been there:

how awesome would that be instead:

(OUR) FEMINISM SHOULDN'T NEITHER ADJUST TO A CAPITALIST, RACIST, CLASSIST, COLONIAL, MALE*, STRAIGHT*, CIS*-CENTERED AND ABLEBODIED SOCIETY, NOR SEEK OR BE IN NEED FOR VALIDATION THROUGH IT!

(OUR) FEMINISM CAN AND SHOULD ADJUST TO AND CENTER AROUND POOR (BROWN/BLACK/ASIAN) TRANS*-WOMEN (OF COLOR) AS WELL AS AGENDER AND GENDER-NONCONFORMING PEOPLE WITH ALL KINDS OF (DIS/ABLED) BODIES WITH NO LEGAL STATUS/PAPERS AND NO ACCESS TO (PROPER) HEALTHCARE, HOUSING AND JOBS!

OR IT WILL BE BULLSHIT!
